6. AI Verification Test Summary

This section is intentionally structured so that an AI compliance engine can compare tender requirements against vendor evidence. The expected demo result is that the two technical specifications and the delivery commitment are compliant, while MSE eligibility should be marked as **Needs Verification** because real online validation is required.

Requirement	Evidence Found	Expected AI Result
Test = Yes/No	Yes	✓ Compliant
Numeric specification	42	✓ Compliant
Delivery = 15 days	15 days	✓ Compliant
MSE / Udyam	Demo registration stated	■ Needs Verification
Country-border declaration	Declaration present	■ Needs Verification

DEMO ONLY — Replace all fictional bidder details and evidence with genuine vendor documents before any real procurement use.
